

# Abdul Hameed Mohammed

Melbourne Australia

Front-End Developer | TypeScript | React | React Native

+61410702474 | [abdulhameed29r@gmail.com](mailto:abdulhameed29r@gmail.com) | [linkedin.com/in/hameed29r](https://www.linkedin.com/in/hameed29r) | [portfolio-ahmd.netlify.app](https://portfolio-ahmd.netlify.app)

## EXPERIENCE

---

### Front-End Developer

Nov 2022 – Nov 2023

*ClickNFinance*

*MP, India*

- Developed reusable components and implemented ES6 features in React and React Native, improving code maintainability and reducing development time by 20%.
- Collaborated with the backend team to integrate APIs, enhancing data synchronization and boosting application performance.

### Front-End Developer

Sep. 2021 – Nov 2022

*ParallelDots, Inc.*

*Gurugram, India*

- Optimized images for faster load times, resulting in a 25% reduction in initial page load and enhanced overall app performance.
- Collaborated with cross-functional teams, including project managers and designers, while following Agile/Scrum methodologies, enhancing user experience and functionality.
- Integrated camera functionality and utilized Konva to enable users to capture images and draw interactive rectangles, enhancing user interaction and visual data representation. Additionally, implemented OneSignal notifications for real-time updates, resulting in a 15% increase in user retention.
- Debugged and resolved front-end issues, improving app stability and reducing error rates by 15%, led the implementation of internationalization (i18n) for multiple languages, expanding app accessibility and increasing international user engagement by 20%.

### Teaching Assistant

Oct 2020 – Jan 2021

*Peppcoding Education Pvt. Ltd.*

*Delhi, India*

- Assisted 100+ students in learning coding concepts, providing support with problem-solving, front-end development, and JavaScript logic building.
- Conducted doubt-solving sessions, clarifying concepts and ensuring students' successful progress through the course material.

## PROJECTS

---

### Food Application | *React, React Router, Tailwind CSS, Jest* | [Live Link](#)

May 2018 – May 2020

- Implemented efficient state management and dynamic navigation for a food delivery application, enhancing performance and functionality.
- Implemented code-splitting and lazy loading with React, optimizing performance by reducing initial load times by up to 30%.
- Ensured code reliability and robustness by writing test cases with Jest, achieving 90% test coverage.

### Finshark | *TypeScript, React, Tailwind CSS* | [Code Link](#)

June 2020 – Present

- Enabled users to track company stocks and manage portfolios by developing a feature-rich stock management application with modern JavaScript (ES6+) practices.
- Integrated REST APIs to fetch and display detailed stock data, including key metrics and financial reports, improving user insights.
- Designed a responsive UI to ensure seamless user experience across devices, enhancing usability and engagement.

## EDUCATION

---

### Melbourne Institute of Technology

Melbourne, Australia

*Master of Networking*

*Nov. 2022 – Nov 2024*

### Jawaharlal Nehru Technological University

Hyderabad, India

*Bachelor in Computer Science*

*June. 2017 – May 2021*

## TECHNICAL SKILLS

---

**Languages:** JavaScript (ES6+), HTML5, CSS3, TypeScript, C/C++,

**Frameworks / Libraries:** React, ReactNative, Redux Toolkit, React Router, Tailwind CSS, Material-UI,

**Developer Tools:** Git, Webpack, Parcel, VS Code, npm/yarn, Chrome DevTools
